Subject: [Non-DoD Source] Re: Digital copies of the following references (MC Relocation to Guam)

Hi Coralie,

Please disregard item #3 -- I located the ISWMP for DoD Bases, Guam.

Thanks,
L

Hi Coralie,

When you get a chance, could you please send over copies of the following documents/ reports:

1. Survey for the Mariana eight spot butterfly, *Hypolimnas octocula marianensis* (Lepidoptera:Nymphalidae), in the Pagat Route 15 area of Yigo Village, Guam. 2009 Report by C. Campora and S. Lee. -- this is listed in the EndNote Library but I can't find a copy of it.
2. Naval Facilities Engineering Command (NAVFAC). 2011. Final Guam Landscaping Guidelines. 26 pp
3. Integrated Solid Waste Management Plan for DoD Bases, Guam. 2013. 751 pp.
4. NAVFAC Marianas. Threatened and Endangered Species and Migratory Birds Monitoring Report, Naval Support Activity Andersen, Guam. 2013. -- We have a draft report from 2012, but I do not see a final.
5. DON. February 2016. Coconut Rhinoceros Beetle (CRB) and Little Fire Ant (LFA) Management Procedures.

After reviewing DON's EndNote Library you provided on April 12 against our known admin record, it appears we do not have the 5 files listed above.

Thank you so much in advance, we really appreciate it.

Lasha
